

Opposed to Covanta's proposed facility?

Action Checklist

- Contact Rebecca Ghent at DHEC 803-285-7461 GHENTRC@dhec.sc.gov

Inform her of your concerns. She will get your e-mail address then send you a confirmation email. They will contact us for a public hearing (hopefully) before the hearing. No need to call more than once, as we don't want to become DHEC's enemy in any sense. She is forwarding documentation of all calls to Robin Stevens via an Excel spreadsheet.

- Contact Ms. Robin Stevens at DHEC Permitting Dept in Columbia 803-896-8973

Request that the permit be denied. If the facility would not be approved in Charlotte or in York County, why allow it in Chester? Protect our environment and quality of life!

- Contact Charlie McDow at John Spratt's office in Rock Hill 803 327-1114 or Fax 803-327-4330

Request they put the pressure on to stop the grants Covanta will be getting or they intervene in any other way possible.

Additional Grassroots Action Checklist

- Contact & spread the word about what is potentially coming unless we band together to stop this!
